Lurilkon Registration Number. Typed or printed name (in the space provided below, please explain in detail the reasons for the delay in filing a proper reply.) I. Mark S. Walker, am an Attorney, employed by the Assignee, International Business Machine Corporation the Intellectual Property Law Department of the Assignee at its facility at 11400 Burnet Road, Austin Texas 78758. I am responsible for the prosecution of the present Patent Application SN. 10/047,095. This responsibility includes dinsuring that timely responses: are made in the prosecution by Attorneys on staff and outside Attorneys to whom I may assign such responses When the present Patent Application was filed in the S. Patent Office, there was a request that all correspondence related to the Application be sent to the above address, and to the attention of Cynthia S. Byrd, an Attorney on our staff. Since Attorney Byrd is no longer on our staff, our office procedure was set up so that correspondence related to the Application arriving at our office would be logged in, and then given to me for disposition. Our records indicate that the Official Action, "DATE MAILED 01/04/2005" in the present Application never arrived at our Intellectual Property Law Department of the Assignee at the above address. It was never logged in or recorded in our Docket file for the Application. (see attached sheet) (Please attach additional sheets if additional space is needed.) (Page 8 of 3)

18**03/02/9**0

Petition for Revival SN 10/047,095 Continued)

The procedure for handling received mail at the Assignee's facility at 11400 Burnet Rd., Austin, Texas is as follows. Mail received in the Assignee's Mail Room is sorted into bins for designated departments including a bin for the Intellectual Property Law Department. The received mail is delivered daily from the Mail Room to the Intellectual Property Law Department where each piece of mail is manually written into a "Mail Log" by an administrative staff member assigned to that function. The received mail document is also entered via computer data entry into a Docket data processing folder set up for each patent application.

My administrative assistant, Robin Zelent, and the Attorney, J. B. Kraft. who is preparing the Response to the missing Official Action have investigated the procedure, and have found the Official Action of January 4. 2005 was never received. It was not logged into our office mail log or entered into the computer docket file maintained for Application SN. 10/047,095 (IBM Docket No. AUS920010906US1).

Attached hereto as Exhibit A is a copy of the office Mail Log showing a portion of the Mail Log for the period from January 6 through January 14. 2005, during which period the Office Action should been received. Attached, as Exhibit B, is a copy of the docket file for the Application which also indicates the absence of the Official Action.

The missing Official Action came to our attention by a Patent Office telephone inquiry to our office on September 1, 2005. We obtained a copy of the Official Action from the on-line PAIR records available from the U.S. Patent Office, and searched our department files for any received copy. Upon failure to find a copy, on September 8, we brought the situation to the attention of our outside Attorney, who is preparing the required Response, and requested that he make a complete investigation to determine the facts, prepare this petition to revive, and complete the appropriate Response which is being filed herewith.

We believe that the Abandonment was unavoidable, and that we proceeded with due promptness once the Abandonment was discovered.
